EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Adil Attar on 8/10/2005.

The application has been amended as follows:

In the Abstract:

The Abstract filed 5/31/05 has been replaced, in its entirety, by the following, New Abstract.

--A reflective pavement marker is used for delineating roadways, having at least one retro-reflective face, including a plurality of cube-corner reflective elements. The marker may comprise two similar portions agglutinated to each other along a vertical back wall of each marker and along an upper resilient segment, such as a handle bar, having beaded periphery edges, that facilitate agglutinating one marker to another, to form a bi-directional pavement marker. An abrasion-resistant, coating can be provided upon the reflective surfaces of said marker. The marker can be made from abrasion and ultra violet radiation resistant polymers, in either single or dual color segments.

In the Claims:

Claim 5, ln. 3 after the word "edges" the phrase --and a plurality of cube-corner reflective elements;--.

Claim 5, ln. 10, the phrase "within the interior surfaces of the upper resilient segment and" has been removed.

Claim 5, ln. 11, after the phrase "the interior of"; the letter "a" has been removed.

Claim 6, ln. 3, the word "marker" has been changed to --markers--.

Claim 7, ln. 3, the word "adhesives" has been changed to --adhesive--.

Claim 14, ln. 3, the phrase "said resin coating composition being selected from several suitable out sources with readily formulated products with high abrasion resistant coating composition"; has been removed.

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Raymond W. Addie whose telephone number is 571 272-6986. The examiner can normally be reached on 6AM-2:00PM.
